Affiliated With APJ Abdul Kalam Technological University

### St. Mary's College Thrissur

Bachelor of Computer Application

2021

University Of Calicut

### GVHSS Cherpu Thrissur

HIGHER SECONDARY

2018

## Experience

### Jyothi Engineering College Cheruthuruthi

Jr Software Developer

*Thrissur, Kerala*

Sep 2025 - Present

Contributing to the design and optimization of web applications using modern frameworks and best coding practices to deliver efficient, scalable, and high-quality solutions

### Jyothi Engineering College Cheruthuruthi

Jr Software Developer Intern

*Thrissur, Kerala*

Mar 2025 - Aug 2025

Involved in developing and testing web applications, worked on both frontend and backend tasks, and gained practical experience with modern web technologies.

### Luminar Techno lab, Kochi

MEARN Stack Developer Intern

*Kochi, Kerala*

Oct 2023 - Jun 2024

Completed a MERN Stack internship at Luminar Techno Lab, gaining hands-on experience with MongoDB, Express.js, React, Angular, and Node.js. Worked on individual and group projects, building full-stack web applications.

## Projects

- **Packers and Movers Website** – A responsive website for a relocation service company, built using HTML, CSS, and JavaScript.
- **Recipe Finder** – A MERN stack web app that allows users to search, view, and save favorite recipes with a React frontend and Node.js/Express backend.
- **SH Bookstall** – A full-stack MERN application for automating bookstall operations with barcode billing, stock management, role-based login, and exportable reports.
- **Student Management System** – A web platform to manage student records with secure login and CRUD features using PHP, MySQL, HTML, CSS, and JavaScript.
- **CWRE** – A responsive React + Bootstrap portal for structured navigation and resource management for the Centre for Water Resources Engineering.

- **PROCCMS** – A MERN app for managing room bookings, repair requests, and gate passes with role-based access and task tracking.
- **Expense Tracker** – A MEAN stack app to record, categorize, and monitor expenses with authentication, analytics, and CRUD operations.
